

Ambassador Activities

Create your own Nordic activity with Youth Network NORD

Do you have an idea for bringing young people together across the Nordic region?

If you have taken part in a Youth Network NORD activity, you can organize an Ambassador Activity. It can be a simple event, a cultural gathering or an opportunity for youth organizations to connect and collaborate. You bring the idea; the NORD project can help you make it happen.

Your activity must take place in a Nordic country and contribute to at least one of these aims:

- Strengthening Nordic community and curiosity
- Increasing understanding of Nordic cultures, languages and co-operation
- Building co-operation between Nordic youth organizations.

Practical conditions

Regular Ambassador Activity: At least 30 participants aged 18–30, with a budget of up to DKK 22,500.

The budget can cover relevant costs such as travel, accommodation, food, venue, and facilitation. Costs are reimbursed against valid receipts within the agreed budget; money is not paid in advance. Costs above the approved budget cannot be covered.

How do you get started?

Email Hanna at hn@duf.dk with your idea — it does not need to be fully developed. You can discuss the format and possibilities together. You then create a short activity description and budget that must be approved before you proceed. There is room for a limited number of Ambassador Activities each year, depending on the available budget.

Organize and run the activity, making sure it reaches the agreed participant number and stays within budget. Afterwards, send photo documentation and receipts to DUF for reporting and reimbursement.

Ambassador Activities are part of Youth Network NORD — not a separate funding scheme.
