<u>Funding opportunities</u>	<u>Link</u>	<u>Description</u>
Nordic		<i>Short description of the fund: What do they support?</i>
Norden 0-30	https://www.norden.org/en/funding-opportunities/norden-0-30-funding-projects-and-organisational-co-operation	NORDBUK's Norden 0–30 programme supports the projects and organisation of children and young people. The programme seeks to strengthen organisational skills, influence, and participation in political, cultural, and social activities. Projects must involve the co-operation of at least three (3) Nordic countries.
Demos	https://www.nordiskkulturkontakt.org/en/demos/	The aim with Demos is to establish networks and facilitate meetings between civil society organisations. The programme fosters cross-border engagement between the Nordic countries and contributes to a good understanding of language and culture in the Nordics. The Demos pool has three "legs": Network, Learning, and Culture.
Kulturkontakt Nord	https://www.nordiskkulturkontakt.org/en/	Nordic Culture Point is an institution of the Nordic Council of Ministers which works to support Nordic co-operation within the area of culture and to increase awareness of Nordic culture in Finland.
NORA	https://nora.fo/introduction?_l=en	NORA provides funding to collaboration projects that include partners from at least two of the four NORA constituents (the Faroe Islands, Greenland, Iceland and coastal Norway). The common thread linking all the projects is a relevance to NORA's objective: to create a strong and dynamic North Atlantic region that is defined by its healthy and sustainable economies. Projects are consistent with the NORA strategy programme at the time the grant was approved. Anyone — companies, public institutions, individuals — can apply for funding.
